More than 300 local bars (200 in Manhattan alone) participate in this year's event, billed as the largest pub crawl in history—or at least in recent memory. Spread over three days, March 15-17, drinks specials abound, from \$2 and \$3 beers to \$4 shots of Irish whiskey (\$2 more after 9 pm). Log on to find out where and when to register and pick up a map of participating bars and a wristband for admission. "Slainte!" And wear something green.
